PROFILE

A dedicated and creative UI/UX Designer with over 12 years of experience in designing digital products for web, Windows, mobile, and tablet. Skilled in HTML5/CSS3 coding and responsive design.

PROFESSIONAL EXPERIENCE & SKILLS

Reflections info systems, India. – Lead UX Designer

July 2022 – Jan 2023

- Spearheaded the user-centered UX design process for an NFT Marketplace platform, collaborate closely with end users and stakeholders to gather requirements and deliver an exceptional user experience.
- Conducted an extensive UX audit of the Banking and financial sector, resulting in the research and creation of high-fidelity mock-ups that adhere to accessibility and inclusivity standards. This led to a 30% increase in user retention and a 20% decrease in customer complaints.
- Developed and communicated clear design guidelines, patterns, and assets to ensure consistency and cohesion across all projects.

Gadgeon Smart Systems, India. – Lead UI/UX Designer

Feb 2021 – Feb 2022

- Utilized the design thinking process to create wireframes, flow diagrams, and HI-FI interactive prototypes for various IoT projects, using tools such as Figma and Miro.
- Successfully converted high-fidelity designs into responsive pages using Angular10, HTML5, Sass, and Typescript, resulting in seamless user experiences in multiple devices.
- Collaborated effectively with cross-functional development teams to plan and organize UI/UX requirements, ensuring timely delivery of high-quality products that meet both business and user needs.

Orion Innovation, India. – UI Designer | Project Lead

Jan 2010 – Jun 2012 | Sept 2013 – Feb 2021

- Made significant contributions to over 30 design and front-end development projects as a UI/UX Designer in KPMG's Auditing Domain over the course of 10 years.
- Led and managed a team of 15 UI/UX Designers, resulting in the development and maintenance of a highly efficient design system and code snippets that adhered to UI guidelines and increased team productivity by 25%

MariApps Marine Solutions (BSM), India. – Senior UI Designer

Sept 2012 – Sept 2013

- Capturing client requirements and conceptualising bespoke mock-up design and building responsive websites.
- Translated concepts in the Maritime domain into intuitive visual designs, implementing using front-end technologies.
